Instructor: Jon Mitchell

Classroom: ZOOM (W931 is also available if needed.)

Course Description:

Studying – and *living* – overseas is a remarkably rewarding experience which can provide a wealth of new opportunities; also, it can bring many challenges. During this course, students will explore how others have adapted to their new lives abroad – including building a sense of confidence, community and cooperation – and provide students with linguistic skills to help them prepare and live overseas. All four skill areas – listening, speaking, reading and writing – will be covered, but the emphasis will be on oral expression via group discussions and presentations.
